- "How, specifically, did Robbie and Jane change the way you worked other Realtors previously?"

There is no comparison with other Realtors we have worked with. Robbie and Jane were superb. No matter what question or concern you have they took the time with you and were very thorough. Loved working with them.

- "What would you say to a friend who was thinking of using Robbie and Jane services, but wasn't sure?"

I would highly recommend them without question.

- "How, specifically, did Robbie and Jane change the way you worked other Realtors previously?"

This was our first experience in a long time working with realtors. We stopped at a few different realty offices over the last year each time we were in Hilton Head. Robbie and Jane made us feel comfortable. When we came to Hilton Head for vacation, they would have an inventory of properties for us to see. They arranged viewings to accommodate our schedule. They imparted a sense of trust and caring about our needs.

- "What would you say to a friend who was thinking of using Robbie and Jane services, but wasn't sure?"

We would encourage them to make an appointment and sit down with Robbie and Jane. Although they both live and work in the area, they have different perspectives regarding the area and what it has to offer. They are quick to assess your particular needs and have an extensive inventory to give you better odds in finding the right property and the fairest price.

Robbie and Jane are a great team to work with. They work hard for their clients. They spend time getting to know their clients so that they can select appropriate properties to view.

Q. "How, specifically, did Robbie and Jane change the way you worked with other realtors?"

Our past experiences with realtors has always been more transactional and cold. It seemed that they were always looking out for themselves and not us. The first thing out of their mouths was always - "let's see what you can afford". Not what are you looking for, what type of home do you want, what do you feel comfortable paying. What a person can afford and what the desire is - can be two different things. Robbie and Jane make it about "us" not them.

Q. "What would you say to a friend who was thinking of using Robbie and Jane services, but wasn't sure?"

You are missing out on an opportunity to have 2 people lookout for your interests. And, 2 people who will go the extra mile. We felt like we were their only customer - yet we know we were not. They were very generous with their knowledge and time.

We are so pleased with the outcome of our purchase and experience that we will definitely refer and use Robbie and Jane again. Robbie and Jane will go the extra mile for you. Robbie and Jane knew that we preferred this specific complex. They went to work looking for folks who may want to sell - they found someone. The purchase was fast, smooth and effortless.
