Dear Potential Purchaser~

We get inquiries every day from clients looking for 3 and 4 bedroom unfurnished homes on Hilton Head Island and in Bluffton. Unfortunately, our inventory of homes under 2500 sq. ft. is very low at this time.

If you need a rental projection on a particular property for a prospective buyer, we would be glad to visit the property and give them a projection. Many times a third party's information may be helpful closing a sale or listing a property.

Best regards,
